What is the primary objective of engineering research? *

1/1

- ☐ To conduct surveys
- ☒ To find solutions to real-world problems
- ☐ To create academic theories only
- ☐ To criticize prior art

Which type of engineering research focuses on immediate application? *

1/1

- ☐ Basic research
- ☒ Applied research
- ☐ Exploratory research
- ☐ Qualitative research

What motivates most engineering researchers? *

1/1

- ☐ Fame and awards
- ☒ Curiosity and societal needs
- ☐ Institutional pressure
- ☐ None of the above

Finding a worthwhile research problem involves: *

1/1

- ☒ Analyzing existing gaps in knowledge
- ☐ Copying another researcher's topic
- ☐ Avoiding prior art
- ☐ Ignoring societal needs

Which is NOT an ethical issue in engineering research? *

1/1

- ☐ Plagiarism
- ☐ Data falsification
- ☒ Overfunding research
- ☐ Misrepresentation of results

Which of the following is considered research misconduct? *

1/1

- ☐ Reading technical papers
- ☒ Fabricating data
- ☐ Attending conferences
- ☐ Co-authoring papers

Authorship in a research paper should be based on: *

1/1

- ☐ Contribution to the funding
- ☒ Significant intellectual contribution
- ☐ Seniority in the institution
